PAS 96:2010

DEFENDING FOOD & DRINK

Course Overview

Food defence, biovigilance and bioterrorism have become a topic of great concern and discussion since the publication of PAS 220:2008 and the ISO/TS 22002-1:2009. PAS 96, is the publicly available standard that provides broad guidelines in order to assess and reduce the risk to the business and to relieve the effect of an attack should it happen.

Course Objectives

The course will equip the learner to:

- Interpret PAS 96 requirements
- Understand the TACCP process
- Identify the threat and assess the risk
- Identify effective control measures

Entry Level Requirements

Awareness of HACCP or similar risk management system.

To ensure the value of the course to your company, delegates must be comfortable communicating in English and need suitable reading and writing skills.

A certificate of attendance will be issued once the course has been successfully completed.

Who Should Attend

- Team Leaders
- HACCP (Food Safety) Team members
- Entry level Technical Staff
- Employees responsible for interpretation of PAS 96:2010

Duration: One day
